# GENERAL

## (INTRODUCTION & GENESIS OF THE PROBLEM AND IMPORTANCE AT CURRENT JUNCTURE)

Tribes are a group of people having distinct language, culture, lifestyle and socio-economic condition and are living in a specific geographical area. Normally, the tribes reside in interior forests, remote and inaccessible areas or in the outskirts of forests and hilly regions. According to Article 180 of the Constitution, the Scheduled Tribes are the tribes or tribal communities or part of groups within these tribes and tribal communities, which have been declared as such by the President through a public notification. As per the 2011 Census, the Schedule Tribes account for 10.42 million representing 8.6 percent of the country's population. The tribes are characterized by distinct cultures, shyness of contact with other communities at large and economical backwardness.

Immediately after independence, Governments both at National and State level have given much importance for the development and welfare of the tribes and this has resulted in improving the living conditions of the tribes across the nation. But the achievements comparing with the quantum of money spent and the time consumed, is not as was expected. Illiteracy, unemployment, poverty and its related syndromes have forced the tribes to alienate themselves from the mainstream. Misinformation campaigns by the disruptive forces among the tribes have vitiated the situation further.

The tribes who are residing in the remote corners of the nation are not having first hand information about what is happening elsewhere in the country. If the student and youth communities are getting sufficient information and opportunities to interact with their peer groups in other parts of the nation, the extremist activities among them can be curtailed. In this context it is proposed that, the tribal youth should be positively engaged and educated and for that; tribal youth exchange programmes will be of great help.

Nehru Yuva Kendra Sangathan organizes Tribal Youth Exchange Programme for the development of tribal youth with the support of Ministry of Home Affairs, Govt. of India. Eleven Tribal Youth Exchange Programmes have so far been organized successfully by Nehru Yuva Kendra Sangathan since 2006 in collaboration of Ministry of Home Affairs, Govt. of India.

## BROAD STATISTICS ABOUT THE ISSUE

The tribal population of the country, as per 2011 census, is 10.43 crore, constituting 8.6% of the total population. 89.97% of them live in rural areas and 10.03% in urban areas. The decadal population growth of the tribal's from Census 2001 to 2011 has been 23.66% against the 17.69% of the entire population.

Tribals constitute a large percentage of population in Left Wing Extremism affected areas. As per data of Ministry of Home Affairs on state wise extent of LWE violence (during 2014-18), 4347 incidents took place in which 1149 deaths were recorded. In 2014, 1091 incidents took place in which 318 deaths were recorded. In 2015, 1089 incidents took place in which 230 deaths were recorded. During 2016, 1048 incidents took place in which 278 deaths were recorded. In 2017, 908 incidents took place in which 263 deaths were recorded. During the year 2018 (upto 15.03.18) 211 incidents took place with 68 deaths recorded.

From the above analysis, it is evident that LWE does present one of the gravest challenges to national security. The physical and demographic spread of the problem and the nature and degree of disillusionment reflects an unenviable reality, which requires sincere, unified and focused attention of every element of the government machinery to neutralise the hardline fringe Maoist element and simultaneously bring inclusive development to the affected areas.

There are 106 districts covered from 10 states viz. Andhra Pradesh, Bihar, Chhattisgarh, Jharkhand, Madhya Pradesh, Maharashtra, Odisha, Telangana, Uttar Pradesh and West Bengal under SRE (Security Related Expenditure) to LWE affected states by the Ministry of Home Affairs, Govt. of India to address the issues and there are 35 worst LWE affected districts among LWE districts.

It has been decided to select 4000 participants (male & female) from 31 LWE affected districts for the 12<sup>th</sup> Tribal Youth Exchange Programme from the states of Chhattisgarh, Jharkhand, Odisha, Andhra Pradesh, Telangana, Maharashtra & Bihar.

## **BENEFICIARIES AT EACH LEVEL AND THEIR INVOLVEMENT**
